ESRI SOFTWARE MAINTENANCE AND SUPPORT RENEWAL

RS-24-128

July 16, 2024

Background

- The City has been utilizing the Geographic Information Systems (GIS) software licenses and technical support from Environmental Systems Research Institute (ESRI) since 2001

- The software being renewed is used at many levels within the city and supports access to GIS information available to the citizens via the web

- The Core software included is ArcGIS Desktop, ArcGIS Pro, ArcGIS Server, ArcGIS Data store, ArcSDE spatial database engine, and several ArcGIS analyst extensions

Background

The City's GIS Enterprise system supports a range of key maps and apps within a local government as summarized below:

Local government based	Public Works
Planning and Development	Downtown
Fire and Police	Emergency Management
Environmental Services	Parks and Recreation
Engineering	GIS Data Hub – Download Center

Background

- Environmental Systems Research Institute, Inc. provides essential Geographic Information System (GIS) services and software to City staff and community members through internal and external websites

- The Information Technology Department is seeking approval of a one-year agreement with ESRI for GIS software using DIR contract DIR-CPO-4699 in the amount of $52,468

Recommendation

- ☐ Staff recommends that the City Council approve the one-year agreement with ESRI in the amount of $52,468 using DIR-CPO-4699, and that the City Manager or designee be expressly authorized to execute any and all change orders within the amounts set by state and local law
