Narrative Information

Introduction

The purpose of this program is to provide services and assistance directly to victims of crime to speed their recovery and aid them through the criminal justice process. Services may include the following:

- responding to the emotional and physical needs of crime victims;
- assisting victims in stabilizing their lives after a victimization;
- assisting victims to understand and participate in the criminal justice system; and
- providing victims with safety and security.

The funding announcement, located on the [eGrants Calendar](#) page, describes the organization types, activities, and costs that are eligible under the announcement. The PSO's [eGrants User Guide to Creating an Application](#) guides applicants through the process of creating and submitting an application in eGrants. Information and guidance related to the management and use of grant funds can be found in the The PSO's Guide to Grants, located on the [PSO Resource for Applicants and Grantees webpage](#).

Program-Specific Questions

Culturally Competent Victim Restoration

Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: (1) cultural knowledge, awareness and sensitivity are integrated into action and policy; (2) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and (3) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

Provide information in this section regarding how your organization is culturally competent when providing services to victims.

The City of Killeen has an extremely culturally diverse demographic population due to the City's proximate location to Ft. Hood which integrates multiple cultures and ethnic backgrounds associated with the military and general population. Crime victims in the City of Killeen are not limited to one culture or ethnicity, nor is there one specific group that is targeted more than another. Therefore, crime victim services must be prepared to provide services to all victims because each person has different needs, feelings, ideas, barriers, and cultural diversities. To adequately and fairly serve our diverse population, staff and volunteers from different ethnic and cultural backgrounds will be sought and all staff and volunteers are required to successfully complete cultural diversity training designed to educate them in appropriate crisis assistance for victims and families of different ethnic and cultural backgrounds. The City's crime victim services department also utilizes resources to assist our City's underserved population including our homeless, LGBTQ, mental health, disabled, veterans, seniors, and those with language barriers. Our crime victim services staff is equipped with an international interpreter service to assist with language barriers while providing assistance.

Culturally Specific and Underserved Populations

Following are relevant definitions needed to answer this question.

- Underserved populations means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.
- Culturally specific means the program is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g))).
- Racial and ethnic minority group means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.
- Hispanic means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services designed to meet the specific needs of the target population in order to justify a YES response in the section below.)

Yes

No

If you answered '**YES**' above, you must explain in the box below how your organization's program is specifically designed to focus on and meet the needs of culturally specific populations. If this item does not apply enter '**N/A**'.

Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Forensic Medical Examination Payments

Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 120 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

Applicant agrees to maintain the confidentiality of client-counselor information and research data, as required by state and federal law. Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

Activities that Compromise Victim Safety and Recovery

Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

Polygraph Testing Prohibition

A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

Protection Orders

Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

Offender Firearm Prohibition

The applicant certifies that its judicial administrative policies and practices include notification to domestic

The applicant certifies that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 18 USC § 992(g)(8) and (g)(9).

Criminal Charges

In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Beginning January 1, 2021, counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions and other dispositions within five business days to the Criminal Justice Information System at the Department of Public Safety. Click [here](#) for additional information from DPS on this new reporting requirement.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted. Note: UCR is transitioning from summary reporting to NIBRS only in 2021. Applicants are encouraged to transition to NIBRS as soon as possible in order to maintain their grant eligibility.

Immigration Legal Services

PSO prioritizes funding of projects that provide a full spectrum of counseling, crisis services, and other direct victim services. PSO will not fund projects that focus primarily on immigration legal services and do not provide a significant level of other types of victim services.

Discrimination

Applicant agrees not to discriminate against victims because they disagree with the State's prosecution of the criminal case.

Records

Applicant agrees to maintain daily time and attendance records specifying the time devoted to allowable victim services.

Volunteers

If awarded VOCA funds, applicant agrees to use volunteers to support either the project or other agency-wide services/activities, unless PSO determines that a compelling reason exists to waive this requirement.

Applicant agrees to assist crime victims in applying for crime victims' compensation benefits.

Community Efforts

Applicant agrees to promote community efforts to aid crime victims. Applicants should promote, within the community, coordinated public and private efforts to aid crime victims. Coordination efforts qualify an organization to receive these funds, but are not activities that can be supported with these funds.

Civil Rights Information

Applicant agrees to maintain statutorily required civil rights statistics on victims served by race, national origin, sex, age, and disability of victims served, within the timeframe established by PSO. This requirement is waived when providing services, such as telephone counseling, where soliciting the information may be inappropriate or offensive to the crime victim.

Victims of Federal Crime

Applicant agrees to provide equal services to victims of federal crime. (Note: Victim of federal crime is a victim of an offense that violates a federal criminal statute or regulation; federal crimes also include crimes that occur

in an area where the federal government has jurisdiction, such as Indian reservations, some national parks, some federal buildings, and military installations.)

No Charge

Applicant agrees to provide grant-funded services at no charge to victims of crime. Applicants are also prohibited from billing Crime Victims Compensation, private insurance, Medicaid, or Medicare for services provided using VOCA funds.

Effective Services

Applicants applying for funds to provide victim services must demonstrate a record of providing effective services to crime victims. (See "Eligible Organizations" in the Funding Announcement.)

College Campus Confidential Direct Services Providers

All personnel compensated through OOG or match funds are Confidential Direct Service Providers that maintain victim's confidentiality for all case information (written or oral) and share information only at the victim's request and with the victim's informed consent, except when release of information is required by law. Confidential Direct Service Providers compensated with grant funds shall not be required to disclose client or case information to any entity, including a campus Title IX officer or coordinator, except when release of information is required by law. A victim may not be coerced or required to file a report or disclose information regarding their victimization with any entity as a condition of receiving services from a Confidential Direct Service Provider.

Failure to comply with this certification may result in PSO, at its sole discretion, withholding reimbursement on personnel line items contained in the program budget until satisfactory evidence of compliance is provided.

Project Abstract :

The Crisis Assistance Program will continue to promote the rights of victims of crime and provide victims with immediate access to specific services. These services will include on-scene crisis intervention and support; access to immediate counseling services; access to emergency assistance with transportation, food, clothing, and lodging; access to emergency assistance with home repairs to ensure that victims can establish and maintain safety in their residences; access to financial assistance; and connection to appropriate resources within the community. This project will also promote the continuing education and training of paid and volunteer staff with regard to the most current victim services available in the State of Texas. This project will also include the expansion of the crisis assistance program by hiring one additional staff member with grant funding to ensure that victims receive the most efficient acknowledgement and access to the above-stated services.

Problem Statement :

Due to the high volume of violent incidents within the City of Killeen, Texas, and only one paid staff member dedicated to providing victim services, there is a tremendous need for victim-related services that address the unique needs of each individual case and an additional paid staff member to assist with providing victim-related services. Services provided through this project would include immediate access to crisis intervention and support, access to emergency financial assistance related to medical, transportation, food, lodging, clothing, and safety needs of victims, and immediate access to counseling. Although victims of violent crime are eligible to apply for financial assistance through the Crime Victim Compensation program administered by the Texas Office of the Attorney General, not all victims are eligible to receive benefits and the length of time required to complete the application process, eligibility review, and determination of appropriate benefits may hinder victim's ability to immediately access appropriate medical or dental care. Victim may also experience delay in receiving trauma-informed counseling. An additional need to be addressed within the project is the limited access that victims may encounter because there is only one paid staff member responsible for applying services and supervising volunteer staff. There are very limited financial resources available within the City of Killeen that would allow paid staff and volunteers to enhance and expand their knowledge in the victim services field, while ensuring that most current practices and policies regarding victim services are actively in place. Funding from this grant would allow all of these issues to be appropriately addressed.

Supporting Data :

In 2020, Killeen Police officers generated more than 13,427 offense reports. More than 3,352 reports detailed criminal offenses involving acts of violence that required further investigation, arrest, and/or the application of victim services. More specifically, citizens of Killeen reported approximately 971 felony offenses involving violence and 2,319 misdemeanor offenses involving violence. This includes 31 homicides, approximately 234 sexually based offenses, and approximately 1,400 aggravated assaults. An average of 10 incidents of violence were reported each day in the City of Killeen in 2020. This number does not include general calls for service involving violence that did not result in a criminal offense report.

Project Approach & Activities:

The project will involve applying victim-centered and trauma-informed services. The project activities will include initial and continued training of paid staff and volunteers; the immediate response of victim services staff to victims of violent crime; the application of specific victim services, including immediate crisis intervention/support, eligible emergency financial assistance; and immediate access to counseling services. Access to immediate counseling services would involve activities that are included in the existing program. Notification of the availability of counseling will be provided to victims at the time of initial contact with program staff and through brochures and/or social media marketing. The program will expand its services by offering emergency financial assistance to include costs of emergency related expenses; food, transportation, lodging, clothing; and making a victim's residence safe. The program will also expand with the addition of a paid staff position, a victim services clerk, whose duties will involve assisting the crime victim liaison with case management, direct interaction with victims, and the application of victim-centered and trauma-informed victim services.

Capacity & Capabilities:

This project will be administered by paid staff, volunteer staff, and participating counseling professionals, with supervision by administrative and command staff of the Killeen Police Department and the City of Killeen. At this time, the Killeen Police Department employs a crime victim liaison with regard to the application of victim services. The current crime victim liaison has 13 years of Human Services experience and has been employed with the Killeen Police Department for approximately one year providing victim services in a law enforcement setting. There is no other paid staff member within the City of Killeen Police Department or the City of Killeen dedicated to victim services. This project will allow greater capacity and capability of connecting with victims of crime and it will allow victims that were once excluded from receiving certain services to access those services with little to no waiting period and very few restrictions. The addition of a paid staff member, the victim services clerk, will ensure that the program continues to function efficiently and in a timely manner in an effort to connect with as many victims as possible. By recruiting local counseling service providers, including, but not limited to licensed professional counselors, licensed medical/clinical social workers, psychiatrists, psychologists, and trauma counselors, to participate in the program, the project will ensure that all victims will have access to crisis counseling/therapeutic sessions in a timely manner with no cost to the victim. The training and continuing education that the crisis assistance program staff will receive as a result of this funding will ensure that victims are provided with the most current and efficient services in a timely manner. The project will promote the continued collaboration with local victim service-related organizations, agencies, and programs such as Families in Crisis Safe Shelter for domestic violence and sexual assault victims, Aware Central Texas-Family Violence Unit, the Sexual Assault Response Team at Baylor Scott and White Hospital, and Common Thread, a project of BCFS Health and Human Services. These collaborations will continue in an effort to provide a continuum of care for victims of family violence, sexual assault, and human trafficking.

Performance Management :

The success of this project will be measured or determined by the number of individuals served and by tracking the progress of these individuals as they navigate the criminal justice system and the recovery process. We will utilize grant funded victim services tracking and reporting software to manage performance more efficiently. The crime victim liaison and victim services staff will collect and compile statistical data to track the success of the program and to determine if any modifications to the program are required to achieve the objectives. This statistical data will include, but is not limited to, the amount of time required by staff to assist the individual as well as the number of appointments and the frequency of the appointments required to apply the full scope of services. It is the goal to serve at least 300 victims and/or individuals in crisis in a timely manner, to connect those individuals with services and resources in an effort to address the need for immediate access to crisis intervention and crisis counseling. The crisis assistance program will involve paid staff and volunteers responding at the time of the reporting of the criminal/traumatic incident or initiating contact with individuals following the criminal/traumatic incident in an effort to provide timely services in an attempt to achieve the objective of providing immediate access to applicable services and resources as well as reducing or eliminating an individual's exposure to trauma and/or continued violence.

Target Group :

The group of individuals that will benefit from this program are victims of violent crime, their family members, secondary victims, and at-risk witnesses. This will include residents of the City of Killeen as well as any individuals that reside outside of Killeen, but were victimized within the city limits of Killeen. In 2020, the City of Killeen Police Department responded to approximately 1,880 domestic violence related calls. Specifically, the majority of the population that this program will accommodate will be females between the ages of 25-50, and their children, who have been victims of family violence and who do not have immediate access to financial resources, safe shelter, and professional counseling due to lack of financial means.

Evidence-Based Practices:

The project approach and activities of the Crisis Assistance Program are modeled after evidence based programs. Victim-centered services that include trauma-informed care is supported by research and evaluation completed by Office of Victims of Crime (Vision 21, Transforming Victim Services, May 2013 and Victims of Crime: Indicators of Success Office of Crime Victims Advocacy Victims of Crime Program March 2012). In 2015, an article published in the Women's Health Journal, references research that indicates that trauma-informed care is essential in the successful treatment and healing of survivors from even a medical perspective (From Treatment to Healing: The Promise of Trauma-Informed Care-Edward Machtinger, MD; Yvette Cuca, PhD.; Naina Khanna, BS; Carol Dawson Rose, RN, PhD; Leigh Kimberg, MD). Due to this evidence-based research, the practice of victim-centered, trauma-informed care has been in place at the City of Killeen Police Department Crisis Assistance Program for many years and had been well-received by survivors and their family members. Victim-centered and trauma informed services promotes cooperation and collaboration between Killeen Police Department and victims of crime, while recognizing the importance of the victim's own expertise and ability to make sound decisions concerning their recovery and healing.
