## Buyboard Proposal

### **City of Killeen TX – Conder Emergency Sewer Replacement by Means of Pipebursting**

**INSITUFORM TECHNOLOGIES, LLC** (Insituform) herein proposes to furnish all labor, materials, equipment, and services, with the noted exclusions, for accomplishing the referenced task as described in the project location maps presented by the City of Killeen (City) utilizing The Local Government Purchasing Cooperative Contract #730-24 administered by the Buyboard.

#### **ASSUMPTIONS AND QUALIFICATIONS**

---

During TV inspection all lateral side sewers are verified, using best practical efforts, to determine if each is an active hook up. Normal practice only reinstates those that are active. You may direct us to reinstate all, or specific laterals, as you desire. This proposal, unless otherwise stated and a pay item provided, assumes that all laterals will be reconnected. Specific service connections will not be reconnected only when a written directive is received from the Owner. The Owner will indemnify and hold Insituform Technologies, LLC. harmless from all claims arising from backups and other effects of such actions or inactions.

Water shall be provided at no cost to Insituform Technologies, LLC. for all construction phases of this project. Insituform Technologies, LLC. will follow all required deposit, backflow prevention, and metering procedures.

Insituform has provided a pay item herein for Payment and Performance Bonds. An appropriate Certificate of Insurance shall be provided following acceptance of this proposal.

#### **Proposal Terms and Conditions**

---

Terms and Conditions of the Texas Statewide Cooperative Purchasing Contract are available upon request from the BuyBoard. Technical specifications shall be those of the City of Killeen supplemented by that of the Buyboard and North Central Texas Council of Governments Public Works Construction Standards latest edition. Any changes to these conditions must be noted and agreed upon by both parties.
