Re: Bell County Emergency Services District No. 3 (the "Proposed District"); Notice of Submission of Petition for Creation to Bell County Commissioners Court ("Commissioners Court")

Dear Mayor and Councilmembers:

The intent of this letter is to provide the City of Killeen (the "City") with notice that the petitioners filed a Petition for the Creation of the Proposed District to Commissioners Court on December 11, 2025 (the "Petition") for consideration. A portion of the Proposed District includes [the City/a portion of the extraterritorial jurisdiction ("ETJ") of the City], and as such, the City must provide consent to the inclusion of the portion of the Proposed District located within [the City/a portion of the ETJ of the City] so that it may be included for the Proposed District's creation election to be called by Commissioners Court (upon review and related hearings) pursuant to Section 775.014, Texas Health & Safety Code. The petitioners anticipate the creation election will be called for November, 2026. A copy of the Petition is included with this letter for your review.

If you are not familiar with the requirements of Section 775.014 as it relates to the City, the provisions state:

Sec. 775.014. CREATION OF DISTRICT THAT INCLUDES MUNICIPAL TERRITORY. (a) Before a district may be created that contains territory in a municipality's limits or extraterritorial jurisdiction, a written request to be included in the district must be presented to the municipality's governing body after the petition is filed under Section [775.015](#). Except as provided by Subsection (c), that territory may not be included in the district unless the municipality's governing body gives its written consent on or before the 60th day after the date on which the municipality receives the request.

(b) If the municipality's governing body does not consent to inclusion within the 60-day period prescribed by Subsection (a), a majority of the qualified voters and the owners of at least 50 percent of the territory in the municipality's limits or extraterritorial jurisdiction that would have been included in the district may petition the governing body to make fire control and emergency

medical and ambulance services available. The petition must be submitted to the governing body not later than the 90th day after the date on which the municipality receives the request under Subsection (a).

(c) If the municipality's governing body refuses or fails to act on the petition requesting fire protection and emergency medical and ambulance services within six months after the date on which the petition submitted under Subsection (b) is received, the governing body's refusal or failure to act constitutes consent for the territory that is the subject of the petition to be included in the proposed district.

(d) If the proposed district will include territory designated by a municipality as an industrial district under Section [42.044](#), Local Government Code, consent to include the industrial district must be obtained from the municipality's governing body in the same manner provided by this section for obtaining consent to include territory within the limits or extraterritorial jurisdiction of a municipality.

(e) If the municipality's governing body consents to inclusion of territory within its limits or extraterritorial jurisdiction, or in an industrial district, the territory may be included in the district in the same manner as other territory is included under this chapter.

(f) A governing body's consent to include territory in the district and to initiate proceedings to create a district as prescribed by this chapter expires six months after the date on which the consent is given.

Therefore, the petitioners request that you place the matter on the next available City Council meeting agenda so you may consider the City's consent to the requisite inclusion into the Proposed District.

For questions regarding additional specifics of the Proposed District and to present any information you may need to make an informed decision regarding consent, please contact [responsible petitioner name] at [phone] or [email].

The petitioners look forward to your decision regarding this matter.

Sincerely,

**Mayor & City Council
