After federal funds have been obligated, the State will send to the Local Government a copy of the formal documentation showing the obligation of funds including federal award information. The Local Government is responsible for one hundred percent (100%) of the cost of any work performed under its direction or control before the Federal spending authority is formally obligated.

- B.** If the Local Government will perform any work under this contract for which reimbursement will be provided by or through the State, the Local Government must complete training before federal spending authority is obligated. Training is complete when at least one individual who is working actively and directly on the Project successfully completes and receives a certificate for the course entitled *Local Government Project Procedures and Qualification for the Texas Department of Transportation*. The Local Government shall provide the certificate of qualification to the State. The individual who receives the training certificate may be an employee of the Local Government or an employee of a firm that has been contracted by the Local Government to perform oversight of the Project. The State in its discretion may deny reimbursement if the Local Government has not designated a qualified individual to oversee the Project.
- C.** A Source of Funds estimate based on the Transportation Improvement Program (TIP) is also provided in Attachment C. Attachment C shows the percentage and estimated dollar amount to be contributed to the project by federal, state, and local sources. The parties agree that the LPAFA may be amended from time to time as required to meet the funding commitments based on revisions to the TIP, Federal Project Authorization and Agreement (FPAA), or other federal document.
- D.** The Local Government is responsible for all non-federal and non-state funding, unless otherwise provided for in this agreement or through amendment of this agreement. Where a Special Approval has been signed by the State, the Local Government shall only in that instance be responsible for overruns in excess of the amount to be paid by the Local Government.

At least sixty (60) days prior to the date set for receipt of the construction bids, the Local Government shall remit its remaining financial share for the State's estimated construction oversight and construction costs.
- F.** Whenever funds are paid by the Local Government to the State under this Agreement, the Local Government shall remit a check or warrant made payable to the "Texas Department of Transportation." The check or warrant shall be deposited by the State and managed by the State. Funds may only be applied by the State to the Project. If after final Project accounting any excess funds remain, those funds may be applied by the State to the Local Government's contractual obligations to the State under another advance funding agreement with approval by appropriate personnel of the Local Government.
- G.** If any existing or future local ordinances, commissioners court orders, rules, policies, or other directives, including but not limited to outdoor advertising billboards and storm water drainage facility requirements, are more restrictive than State or Federal Regulations, or if any other locally proposed changes, including but not limited to plats or replats, result in increased costs, then any increased costs associated with the ordinances or changes will be paid by the Local Government. The cost of providing right of way acquired by the State shall mean the total expenses in acquiring the property interests either through negotiations or eminent domain proceedings, including but not limited to expenses related to relocation, removal, and adjustment of eligible utilities.

- H. When a Special Approval has been signed by the State so that the Local Government bears the responsibility for paying cost overruns, the Local Government shall make payment to the State within thirty (30) days from receipt of the State's written notification of those amounts.
- I. The state auditor may conduct an audit or investigation of any entity receiving funds from the State directly under this contract or indirectly through a subcontract under this contract. ### **CITY COUNCIL MEMORANDUM FOR RESOLUTION**

**AGENDA ITEM**

**AUTHORIZE THE CITY MANAGER TO SUBMIT A SURFACE TRANSPORTATION PROGRAM METROPOLITAN MOBILITY APPLICATION TO THE KILLEEN - TEMPLE METROPOLITAN PLANNING ORGANIZATION TO COMPETE FOR CATEGORY 7 FUNDING TO CONSTRUCT AN EXTENSION TO ROSEWOOD DRIVE.**

**ORIGINATING DEPARTMENT**

**Public Works - Transportation Division**

**BACKGROUND INFORMATION**

On September 25, 2015, the Killeen - Temple Metropolitan Planning Organization (KTMPPO), in cooperation with the Federal Highway Administration, issued a call for project nominations for the Surface Transportation Program Metropolitan Mobility (STPMM) funding. Under the program, the KTMPPO has received authority to allocate funds for qualifying transportation needs within the boundaries of designated metropolitan planning areas. The Texas Department of Transportation (TxDOT) refers to these funds as "Category 7."

Category 7 funds may be used for a variety of projects to include roadway, transit, or bicycle/pedestrian projects. Eligible projects are evaluated and ranked by the KTMPPO Technical Advisory Committee. If awarded, the qualifying entity must provide a minimum of 20% matching funds with 80% of allowable project costs being reimbursable. Cost-reimbursement programs require sponsors to pay for project costs up front with the funding agency providing reimbursement for expenses throughout various stages of the project. Funds are available for obligation for a period of three (3) years after the last day of the fiscal year for which the funds are authorized.

In recent project calls, the City of Killeen has successfully secured funding for several different hike and bike trail projects as well as one major roadway reconstruction project through other programs utilizing federal funds with similar requirements and obligations. Under the Transportation Alternatives Program (TAP), the City of Killeen has been awarded funding for the following: Andy K. Wells Hike and Bike Trail, Killeen Fort Hood Regional Trail, Segment 3, and Brookhaven/Rancier Hike and Bike Trail. On September 24, 2015, the City of Killeen was awarded \$2,448,281 for the Heritage Oaks Hike and Bike Trail.

**DISCUSSION/CONCLUSION**

With the submission of this grant application, the City of Killeen would generally be proposing to extend Rosewood Drive. The proposed project entails constructing a five-lane roadway, including a bridge over Trimmier Creek, and extending the existing Rosewood Drive south to Chaparral Road. The proposal would also include the continuation of the next Heritage Oaks Hike and Bike trail segment, which will connect to the existing trail along Rosewood Drive, to Harker Heights' Purser Family Park, to the Heritage Oaks park area and the recently awarded Heritage Oaks Hike and Bike Trail, Segment 4. This project would provide improved access and more transportation choices for the community, especially to commercial areas, by providing a continuous direct connection from the southernmost city limits to La Cascata and US 190, as well as creating another half-loop around the City from US 190 to SH 195 via Chaparral. This project would provide enhanced mobility within the City of Killeen as well as for the region and would also enhance public safety response times in the southeast quadrant of the city.

**FISCAL IMPACT**

In order to meet the spirit of KTMO goals, priority consideration is given to those projects that request federal funds for construction associated costs only. The project budget estimates that the total project costs would be approximately \$8,750,000. Under the proposed grant application, the City would provide approximately \$2,750,000 for a construction match and engineering services. If awarded the Category 7 grant, the City would be reimbursed up to \$6,000,000 (proposed grant request) as the project progresses. As with past projects, if the City were to be awarded the Category 7 funds, City staff proposes that the City advance funds necessary for the project as needed with the intention of passing a reimbursement resolution to cover the City's share of the project. When proceeds from the debt instrument are received and reimbursements throughout the course of the project, any amounts that had been previously advanced would be repaid.

<b>Project Components</b>	<b>Funded By</b>	<b>COK Participation</b>	<b>STPMM Participation</b>	<b>Cost</b>
Engineering Fees	100% COK	\$750,000		\$750,000
Construction Costs	25% COK/75% CAT 7	\$2,000,000	\$6,000,000	\$8,000,000
<b>Total Costs:</b>		<b>\$2,750,000</b>	<b>\$6,000,000</b>	<b>\$8,750,000</b>

**RECOMMENDATION**

Recommend that the City Council authorize the City Manager to submit a Surface Transportation Program Metropolitan Mobility - Category 7 application to the Killeen - Temple Metropolitan Planning Organization for the extension of Rosewood Drive and further that:

"The City of Killeen supports funding this project as shown in the nomination budget (including the 25% local match for construction costs) and commits to the project's development, implementation, construction, maintenance, management, and financing. The City of Killeen is willing and able to enter into an agreement with KTMO by resolution or ordinance should the project receive funding."
