

PROCUREMENT OF BROTHER MOBILE PRINTER HARDWARE

RS-25-155

October 7, 2025

Background

2

- ❑ The Killeen Police Department (KPD) continues to modernize field operations to improve efficiency, accuracy, and officer safety
- ❑ Currently, patrol officers issue citations using limited in-vehicle technology and handwritten paper tickets. This process is time-consuming, prone to errors, and creates inefficiencies in data entry and records management

Background continued

3

- With the department's transition to the Niche Records Management System (NicheRMS), it is critical to equip patrol units with technology that supports real-time data entry and integration.
- To address this need, KPD proposes the purchase of Brother mobile printers for patrol units, enabling officers to print citations and other documents directly from their in-car systems.

Background continued

3

- ❑ GTS Technology Solutions was selected to for the procurement of XXX Brother Mobile Printers and associated equipment using TIPS contract 230105
- ❑ The amount of the one-time expenditure for Fiscal Year 2026 is \$999,551

Recommendation

5

- Staff recommends that City Council authorize the procurement of the Brother Mobile Printers from GTS Technolgy Solutions in the amount of \$999,999 and authorize the City Manager, or designee, to execute any and all change orders as permitted by state and local law
