

September 26, 2023

Ms. Judith Tangalin, CPA, CGFO
Executive Director of Finance
City of Killeen
802 N 2<sup>nd</sup> Street – Building E
Kileen, TX 76541

#### Ms. Tangalin,

A full analysis of detailed fees proposed by JPMorgan and PNC was provided in the full analysis of the proposals. Each fee was considered against historical use rates and all services were included. This letter is to provide a overview of those findings.

The banks were asked to provide the service fees required to provide each of the services required by the City through the RFP. The fees stated by each bank were calculated against the City's historical use averages to calculate an estimated monthly fee. The *gross* fees were calculated with and without custody fees for City owned securities. The banks were also asked for any transition or retention incentive offered. JPMorgan, in response to the RFP, offered a transition incentive in the form of a one-year waiver of fees in addition to remote scanners. PNC offered no retention incentive. Both the gross and net fees with incentives show that the banks are closely matched in cost (although not in service scored).

		Gross Fees	Net fees
•	JPMorgan	\$ 4,778	\$ 4,278
•	PNC	\$ 4,380	\$ 4,380

## Page Two

A complete detailed look at the individual fees and their combined impacts for each bank are found on the extensive file previously provided to the City and attached to this summary.

Sincerely,

Linda T. Patterson

**Director of Consulting and Training** 

Meeder Investment
