No Israel Boycott Certification

Texas Government Code, Chapter 2270, provides that a governmental entity – including a city – may not enter into certain contracts with a company for goods or services unless the contract contains a written verification that the company does not boycott Israel and will not boycott Israel during the term of the contract. The verification is specifically required when a governmental entity 1) enters into a contract with a company with ten (10) or more full-time employees, and 2) the contract is valued at \$100,000 or more to be paid wholly or partly from public funds.

“Boycott Israel” is defined in Texas Government Code 808.001 to mean refusing to deal with, terminating business activities with, or taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

By signing below, I verify that the company listed below does not boycott Israel and will not boycott Israel during the term of the contracted entered into with the City of Killeen. I further certify that I am authorized by the company listed below to make this verification.
