

REPLACEMENT OF ONE (1) PUMP AT LIFT STATION #6

RS-25-096

June 17, 2025

Background and Findings

2

- ❑ Lift Station #6 was constructed in 2001 and is the third largest lift station on the north side of the City of Killeen.
 - ▣ Operate with three (3) submersible pumps
- ❑ Two (2) of the pumps have exceeded their 8-year service life and have required extensive repairs over the last two years.
- ❑ The vendor used for repairs has advised that no further repairs can be performed, due to age-related wear and limited part availability.

Background cont.

3

- Although a full station rehabilitation is planned, it is not expected to go out to bid until late 2025, with completion estimated 18-24 months thereafter.
- Due to the high risk of failure, staff recommend proactively replacing one (1) pump now to maintain reliable operation and mitigate environmental risk.

Background cont.

4

- On March 28, 2025, Water & Sewer received a quote from Zone Industries LLC for \$86,191.87 to replace one (1) submersible pump with a 123 HP Sulzer pump.
- Zone Industries LLC is a member of the BuyBoard Cooperative, contract #672-22.

Pump for Lift Station #6
