

FLEET TIRE SERVICES

RS-22-149

October 18, 2022

Background

2

- Tire services are primarily for heavy trucks and off-road equipment
- Includes delivery, installation, repair, retreading, and disposal
 - ▣ Annual tire service costs:
 - Last five-year average - \$267,231 /yr.
 - FY 2022 - \$306,160
 - FY 2023 (estimated) - \$316,000

Background, continued

3

- Bid # 23-03 was advertised on August 2022
- Three bids were received, and Colliver Tire Service offered the best value for the City
 - ▣ Lowest bid
 - ▣ Exemplary performance with the City since 2005
- Three-year contract: agreement term is six months with the option to renew for five additional six-month periods

Alternatives

4

- Reject all bids and rebid tire services
- Award the lowest bid

Recommendation

City Council authorize award of Bid #23-03 Tire Services to Colliver Tire Service in the amount of \$316,000 and authorize the City Manager or designee to execute change orders in accordance with state and local law
