Overview

<p>Unite Private Networks, LLC dba Segra currently provides connectivity in 24 states across 44,000 fiber route miles, providing next generation infrastructure including IP, ethernet, dark fiber and high-performance data centers. We provide comprehensive solutions to our customers that include bandwidth connectivity, cybersecurity, voice, cloud and colocation needs which are customized for operations of all sizes. Our customer relationships typically include long-term agreements (10-20 years) for fiber-optic connectivity between multiple facility locations. Segra manages all phases of the customer relationship, including RFP response, construction management, network reliability, technical assistance, and customer service to facilitate a long-term partnership with our customers. Headquartered in Charlotte, NC, we are one of the largest independent commercial fiber companies in the United States.</p>
