Narrative Information

Introduction

The purpose of this program is to provide services and assistance directly to victims of crime to speed their recovery and aid them through the criminal justice process. Services may include the following:

- responding to the emotional and physical needs of crime victims;
- assisting victims in stabilizing their lives after a victimization;
- assisting victims to understand and participate in the criminal justice system; and
- providing victims with safety and security.

Culturally Specific and Underserved Populations

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population as defined by 34 USC § 12291 (a)(46) or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services as defined by 34 USC § 12291(a)(9) designed to meet the specific needs of the target population in order to justify a YES response in the section below.)

☐ Yes

☒ No

Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

Forensic Medical Examination Payments

Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 120 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

Confidentiality and Privacy

Applicant agrees to maintain the confidentiality of client-counselor information and research data, as required by state and federal law. Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

Activities that Compromise Victim Safety and Recovery

Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

Polygraph Testing Prohibition

A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

Protection Orders

Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

Offender Firearm Prohibition

The applicant certifies that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 18 USC § 992(g)(8) and (g)(9).

Criminal Charges

In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](#) page.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90% of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for

which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

Immigration Legal Services

PSO prioritizes funding of projects that provide a full spectrum of counseling, crisis services, and other direct victim services. PSO will not fund projects that focus primarily on immigration legal services and do not provide a significant level of other types of victim services.

Legal Representation in Divorce and Custody Cases

PSO limits eligibility for legal representation in divorce and custody cases to circumstances where the survivor has been directly victimized by intimate partner violence (IPV) within the last six (6) months. This may include physical violence, sexual violence, stalking, and psychological aggression (including coercive tactics) by a current or former intimate partner against the survivor or survivor's kin sharing the residence. Additionally, legal services in divorce and custody cases funded under this award are limited to emergency order assistance, safety planning, client representation in divorce or guardianship proceedings, and other family law matters directly resulting from the victimization. Through acceptance of this award, grantee agrees that reimbursement for divorce and custody-related legal services will be limited to circumstances listed above.

Discrimination

Applicant agrees not to discriminate against victims because they disagree with the State's prosecution of the criminal case.

Records

Applicant agrees to maintain daily time and attendance records specifying the time devoted to allowable victim services.

Volunteers

If awarded VOCA funds, applicant agrees to use volunteers to support either the project or other agency-wide services/activities, unless PSO determines that a compelling reason exists to waive this requirement.

Crime Victims' Compensation

Applicant agrees to assist crime victims in applying for crime victims' compensation benefits.

Community Efforts

Applicant agrees to promote community efforts to aid crime victims. Applicants should promote, within the community, coordinated public and private efforts to aid crime victims. Coordination efforts qualify an organization to receive these funds, but are not activities that can be supported with these funds.

Civil Rights Information

Applicant agrees to maintain statutorily required civil rights statistics on victims served by race, national origin, sex, age, and disability of victims served, within the timeframe established by PSO. This requirement is waived when providing services, such as telephone counseling, where soliciting the information may be inappropriate or offensive to the crime victim.

Victims of Federal Crime

Applicant agrees to provide equal services to victims of federal crime. (Note: Victim of federal crime is a victim of an offense that violates a federal criminal statute or regulation; federal crimes also include crimes that occur in an area where the federal government has jurisdiction, such as Indian reservations, some national parks, some federal buildings, and military installations.)

No Charge

Applicant agrees to provide grant-funded services at no charge to victims of crime. Applicants are also prohibited from billing Crime Victims Compensation, private insurance, Medicaid, or Medicare for services provided using VOCA funds.

Effective Services

Applicants applying for funds to provide victim services must demonstrate a record of providing effective services to crime victims. (See "Eligible Organizations" in the Funding Announcement.)

College Campus Confidential Direct Services Providers

All personnel compensated through OOG or match funds are Confidential Direct Service Providers that maintain victim's confidentiality for all case information (written or oral) and share information only at the victim's request and with the victim's informed consent, except when release of information is required by law. Confidential Direct Service Providers compensated with grant funds shall not be required to disclose client or case information to any entity, including a campus Title IX officer or coordinator, except when release of information is required by law. A victim may not be coerced or required to file a report or disclose information regarding their victimization with any entity as a condition of receiving services from a Confidential Direct Service Provider.

Failure to comply with this certification may result in PSO, at its sole discretion, withholding reimbursement on personnel line items contained in the program budget until satisfactory evidence of compliance is provided.

Compliance with State and Federal Laws, Programs and Procedures

Local Units of Government: Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to PSO and is active until August 31, 2026 or the end of the grant period, whichever is later.

Non-profit Organizations: Each non-profit 501(c)(3) organization must certify that it does not have, and will continue not to have any policy, procedure, or agreement (written or unwritten) that in any way encourages, induces, entices, or aids any violations of immigration laws. Additionally, the organization certifies that it does not have in effect, purport to have in effect, and is not subject to or bound by any rule, policy, or practice (written or unwritten) that would: (1) encourage the concealment, harboring, or shielding from detection of fugitives from justice or aliens who illegally came to, entered, or remained in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, the organization certifies that it will not adopt, enforce, or endorse a policy which prohibits or materially limits the enforcement of immigration laws, and will not, as demonstrated by pattern or practice, prohibit or materially limit the enforcement of immigration laws.

Each non-profit organization must download, complete and then upload into eGrants the [CEO/NGO Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements.

Equal Employment Opportunity Plan (EEO Plan)

If awarded, applicant agrees to comply with the Equal Employment Opportunity Program (EEOP) requirements per 28 C.F.R. § 42 Subpart E. Agencies may use the EEO Utilization Report Builder to assist with preparing Verification Forms and, if required, Utilization Reports.

Project Abstract :

The Killeen Police Department's Crisis Assistance Program continues to promote the rights of victims of crime and provide victims with immediate access to specific services. These services will include crisis services to respond to the immediate needs including on-scene crisis intervention and support; access to immediate counseling services; access to emergency assistance with food, clothing, transportation expenses and lodging; window, door, or lock replacement or repair and other repairs necessary to ensure a victim's safety in their residences; referrals for financial assistance; and connection to appropriate resources within the community; and assistance with completing and submitted applications for Crime Victim Compensation. This project will continue to promote continuing education and training of paid and volunteer staff with regard to the most current local and national victim services available which may be held within or outside the State of Texas. This project will also continue to maintain the victim services clerk position to ensure that more victims can receive the most efficient assistance and access to the above-stated services. Additionally, we realize that not all victims of crime report to law enforcement agencies (domestic violence especially), and we want to ensure that regardless if they report, they are still able to access victim rights and resources so we will be incorporating digital rights, education and resource materials electronically and through electronic platforms and social media to better reach this vulnerable population.

Problem Statement :

Our agency assists the citizens of Killeen, TX which has a population of approximately 160,000. Killeen is the 19th largest city in Texas, and the 21st most populous city in the state of Texas. Due to the high number of violent incidents within the City of Killeen, there is a continuous and tremendous need for victim-related services. There are limited financial resources available within the City of Killeen. We currently only have one City of Killeen paid staff member dedicated to providing victim services at our agency (Crime Victim Liaison). A continuous need to be addressed within the project is the limited access that victims may encounter because there is only one paid staff member responsible for applying services and supervising volunteer staff. An additional staff member (Victim Services Clerk) is greatly needed to assist with providing these critical victim-related services. Services provided by this position through this project include assisting the Crime Victim Liaison with providing immediate access to victim rights, crisis intervention and support, access to emergency financial assistance related to transportation, food, lodging, clothing, safety, assistance with completing and submitted applications for Crime Victim Compensation, and immediate referral access to counseling. Furthermore, we realize that not all victims of crime report to law enforcement agencies (domestic violence especially), and we want to ensure that regardless if they report, they are still able to access victim rights and resources so we will be providing these education and resource materials electronically and through electronic platforms to better reach this vulnerable population. Additionally, although victims of violent crime are eligible to apply for financial assistance through the Crime Victim Compensation program administered by the Texas Office of the Attorney General, not all victims are eligible to receive benefits and the length of time required to complete the application process, eligibility review, and determination of appropriate benefits may hinder victim's ability to immediately access appropriate services. Victims may also experience delay in receiving trauma-informed counseling that victims may need early on during crisis. And finally, this project will allow staff and volunteers to enhance and expand their knowledge in the victim services field, while ensuring that the most current best practices and policies regarding victim services are in place. Funding from this grant would allow all of these issues to be appropriately addressed.

Supporting Data :

In 2024, Killeen Police officers generated more than 13,282 offense reports. 3,103 reports detailed criminal offenses involving acts of violence that required further investigation, arrest, and/or the application of victim services. More specifically, citizens of Killeen reported approximately 780 felony offenses involving violence and 817 misdemeanor offenses involving violence. This includes 19 homicides, approximately 155 sexually based offenses, and approximately 528 aggravated assaults. The number of domestic violence reports totaled 2,260. An average of 8.49 incidents of violence were reported each day in the City of Killeen in 2024. This number does not include general calls for service involving violence that did not result in a criminal offense report. Note: 1,506 of our violent crimes are missing their severity information of felony or misdemeanor.

Project Approach & Activities:

The project's Crisis Assistance Program utilizes a victim-centered, trauma-informed approach. We place the crime victim's needs and wishes at the center of our work. This allows us to provide non-judgmental assistance so the victim can make informed choices to restore their feelings of safety. We ensure victims are aware of their rights to help safeguard against practices that may re-traumatize them. We also utilize our relationships with community-based partners to better assist our victims with a network of assistance. The project's trauma-informed approach strives to recognize trauma and help restore the victim's feelings of safety, choice, and control. Through our project activities, we aim to provide crisis services to victims of violent crime within our agency's highly populated area. Services provided through our Crisis Assistance Program include responding to immediate needs of victims such as emotional, psychological, physical health, and safety. The application of specific victim services include eligible activities and costs associated with providing crisis assistance such as: personal advocacy and support, accompanying victims to hospitals for medical examinations and court proceedings; crime victim compensation application assistance; assistance in recovering property, assistance with civil standbys, assistance with victim impact statements and prosecution processes, emergency financial assistance to include expenses such as food, transportation, lodging, and clothing; making a victim's residence safe during emergency crisis situations; public awareness and education about victim rights and services, and immediate access/referrals to counseling services. Access to immediate counseling services include up to 8 counseling sessions to eligible victims and secondary victims of crime per case, by contracted counselors at no expense to the victim. These services are to be provided to eligible victims and

secondary victims at no cost to victim/claimant and by referral only. We are hoping to be able to provide up to 8 counseling sessions (per eligible victim/claimant case), at \$80.00 per session, to sixteen (16) victims/secondary victims, not to exceed \$10,240 in total. Notification of the availability of counseling will be provided to victims at the time of initial contact with program staff and through brochures and/or social media marketing. To further educate and bring awareness to our diverse community, we will provide digital resources through public forums/social media; designed to inform crime victims of specific rights and services and to reach more victims; especially those that do not come into our office and/or do not report to law enforcement. Project activities may also include initial and continued training of staff and volunteers to enhance and expand their knowledge in the victim services field. The training will provide current local, state, federal, and/or national best practices related to victim services to ensure a victim-centered, trauma-informed program. And finally, to better assist our highly populated service area of crime victims, the program asks for the continuation of grant funding to maintain the Victim Services Clerk position whose duties involve assisting the Crime Victim Liaison with case management, direct interaction with victims, applications for crime victim compensation, and referral of victim-centered and trauma-informed victim services.

Capacity & Capabilities:

This project will be administered by paid staff, volunteer staff, and participating counseling professionals, with supervision by administrative and command staff of the Killeen Police Department and the City of Killeen. The Killeen Police Department is a CALEA accredited agency that is committed to fielding a diverse workforce. At this time, our agency has 335 total budgeted personnel which includes 265 sworn officers authorized and 70 civilians authorized. The Killeen Police Department employs a credentialed Crime Victim Liaison with regard to the application of victim services. The current crime victim liaison has 15 years of Human Services experience and has been employed with the Killeen Police Department for approximately five years providing victim services in a law enforcement setting. There are limited financial resources within the City of Killeen, but with the use of our current VOCA Grant funding, we were able to hire a Victim Services Clerk through the project on November 08, 2021 because of the need within the City of Killeen's Police Department to provide victim services. The continuation of the victim services clerk position within the project will allow greater capacity and capability of connecting with victims of crime and it will allow more victims to access those services with little to no waiting period. By continuing to have this additional staff member (Victim Services Clerk), we will ensure that the program continues to function efficiently and in a timely manner in an effort to connect with as many victims as possible. By contracting with counseling service providers, including, but not limited to licensed professional counselors, licensed medical/clinical social workers, psychiatrists, psychologists, and trauma counselors, to participate in the program, the project will ensure that victims will have access to crisis counseling/therapeutic sessions in a timely manner with no cost to the victim. In order to create and maintain victim-centered and trauma informed services, training and continuing education of our Victim Services staff is provided annually. Project funds are used to train the crisis assistance program victim services staff so they can provide efficient victim-centered services in a timely manner. The project will promote the continued collaboration with local victim service-related organizations, victim service law enforcement agencies, and programs such as Families in Crisis Safe Shelter for domestic violence and sexual assault victims, Aware Central Texas-Family Violence Unit, the Sexual Assault Response Teams at Families in Crisis, Aware, Baylor Scott and White Hospital's MDT, the Bell County District Attorney's Office, The Bell County Attorney's Office, The Office of the Attorney General, Central Counties for MHMR Services, Ft. Cavazos Family Advocacy Center, MCH Family Outreach, Lone Star Legal Aid, Family Protective Services, She Will Foundation, Unbound Now, and the Killeen Help Center to name a few. These collaborations will continue in an effort to provide a continuum of care for victims of family violence, sexual assault, human trafficking, and any violent crime reported.

Performance Management :

The success of this project will be measured or determined by the number of individuals served and by tracking services of these individuals as they navigate the criminal justice system and the recovery process. Our overall goal is to provide victim-centered and trauma-informed services and assistance to victims of crime to speed their recovery and help them through the criminal justice process. Our objective is to serve at least 800 individuals in a timely manner. The addition of the Victim Services Clerk position allows our agency to increase the number of victims we can make contact with in a timely manner. The crisis assistance program's paid staff and volunteers may respond or initiate contact with individuals following a criminal/traumatic incident in an effort to meet our goal. To manage performance more efficiently, Victim Services staff will utilize grant funded victim services tracking and reporting software to collect, track, report, and maintain the data. This statistical data will include, but is not limited to, the number and type of services provided, number of new and continued victims served, types of victimizations, which advocate provided the services, amount of time spent by staff to assist the individual, and the number of victims referred for counseling services. The crime victim liaison will collect and compile statistical data to track the success of the program and to determine if any modification to the program is required to achieve the objectives.

Target Group :

The group of individuals that will benefit from this program are victims of violent crime, their family members, secondary victims, and at-risk witnesses. This will include residents of the City of Killeen as well as individuals that reside outside of Killeen, but were victimized within the city limits of Killeen. In 2024, domestic and/or family violence victims requesting assistance were the largest group by victimization type that our project assisted: Specifically, the majority of our domestic violence victims were in the age range of 25-59 (682 out of 960) and were females (748 out of 960) and their children, who have been victims of family violence and who do not have immediate access to financial resources, safe shelter, and professional counseling due to lack of financial means.

Evidence-Based Practices:

The project approach and activities of the Crisis Assistance Program are modeled after evidence based programs. Victim-centered services that include trauma-informed care is supported by research and evaluation completed by Office of Victims of Crime (Vision 21, Transforming Victim Services, May 2013 and Victims of Crime: Indicators of Success Office of Crime Victims Advocacy Victims of Crime Program March 2012). In 2015, an article published in the Women's Health Journal, references research that indicates that trauma-informed care is essential in the successful treatment and healing of survivors from even a medical perspective (From Treatment to Healing: The Promise of Trauma-Informed Care-Edward Machtinger, MD; Yvette Cuca. PhD.; Naina Khanna, BS; Carol Dawson Rose, RN, PhD; Leigh Kimberg, MD). A 2021 study in Frontiers in Psychology focused on the integration of trauma-informed care into mental health services. This study reinforced that trauma-informed care improves outcomes in both psychiatric treatment and general wellness by decreasing re-traumatization and encouraging healthier coping mechanisms. It also highlighted that these practices reduce barriers to accessing care for individuals who have experienced trauma. Research from 2022 from the National Institute of Justice, studied the role of trauma-informed practices in criminal justice reform, specifically looking at victim-survivors' interactions with law enforcement and the legal system. It found that integrating trauma-informed approaches into policing and legal proceedings helps mitigate the harmful effects of re-traumatization, improving trust between communities and law enforcement. It also reported better outcomes for survivors of crime, as they feel safer and more supported during the investigative and judicial processes. The ongoing growth of trauma-informed care research further substantiates the importance of applying these principles in programs like the Killeen Police Department's Crisis Assistance Program to foster healing, trust, and recovery. Due to this evidence-based research, the practice of victim-centered, trauma-informed care has been in place at the City of Killeen Police Department Crisis Assistance Program for many years. Victim-centered and trauma informed services promote cooperation and collaboration between law enforcement and victims of crime, while recognizing the importance of the victim's ability to make sound decisions concerning their own recovery and healing.

Project Activities Information

Introduction

This section contains questions about your project. It is very important for applicants to review their funding announcement for guidance on how to fill out this section. Unless otherwise specified, answers should be about the EXPECTED activities to occur during the project period.
