

CHANGE ORDER NO. 1 TRANSFER STATION CRANE

RS-24-118

July 2, 2024

Background

- ❑ The Transfer Station relies on two stationary grapple cranes to compact municipal solid waste in trailers to the maximum capacity for transport to the landfill.
- ❑ On March 26, 2024, City Council approved item RS-24-059 for purchase of a Robotec Optimax Stationary Crane from Waste Systems Equipment, Inc. in an amount not to exceed \$310,556.
- ❑ After a site visit it was recommended that a “soft-start system” be added to the crane unit to protect the electrical system at the Transfer Station, in an amount of \$5,316.

Rotobec Optimax 950SM-R

Rotobec Equipment is acclaimed for its innovative designs, prioritizing reliability and durability, and incorporating cutting-edge technologies throughout its production processes.

Recommendation

- Authorize the increase in funding through amendment #1 to include the soft start system with the purchase of the transfer station crane and authorize the City Manager, or his designee, to execute amendment #1 in an amount not to exceed \$5,316 to Waste Systems Equipment, Inc. for a total agreement amount of \$315,872.
