I oppose this request, this new development will be directly in my backyard. My house sits higher than that land so there will be a view straight into my house by any future occupant. There is beautiful vegetation and wildlife in that area. There is a beautiful gray hawk that lives there and other amazing birds. I bought this house because of the area it is in, there are no apartments or duplexes in view, just other residential houses. I love the view I have in my backyard, it makes me feel like I'm out in the country and it is so peaceful and quiet. I also don't want this new development to drive and rodents + critters from the ditch into my area.
