Requestor(s): Rlacos Adams

Date: 3 Nov 2023

Problem/Issue/Idea Name for Agenda:

Address Light Pollution in Killeen

Description of Problem/Issue/Idea:

Lighting is essential for safety and city life, excessive or poorly designed lighting
contributes to light pollution. This pollution not only disrupts natural ecosystems but also
affects the quality of life for residents, and impedes the enjoyment of the night sky. The
establishment of a Dark Skies program in Killeen would be a step towards mitigating the impact of light pollution.

Requested Action:

I propose the Council approves placing an agenda to discuss exploring the establishment of a
Dark Skies program in Killeen.
