No. 1
Development Review Services

This Amendment shall be made a part of the City of Killeen Letter of Agreement with Pape-Dawson Engineers to provide development review services. This Contract was entered into on October 20, 2023. The change in the fee structure is as follows:

JUSTIFICATION:

On October 20, 2023, a Letter of Agreement was executed with Pape-Dawson Engineers for a not to exceed amount of \$49,500. The scope included providing development review services to assist the engineering department with permit reviews. The service is intended to help assist engineering due to the current vacancy of the senior engineering position for development review. To date the city has been unsuccessful in filling the vacancy and is still needing additional consulting support for permit reviews. Without the additional support, permits will be slowed in reviews and delay approvals for construction. This amendment to the existing Agreement is for the not to exceed additional amount of \$150,000. Invoices will be paid on a time and materials basis.
