Narrative Information

Introduction

Information related to this program is in the relevant CJD funding announcement for the Rifle-Resistant Body Armor Grant Program. Applicants MUST read the funding announcement

(linked above under “OOG Solicitation”) for important information on eligible program activities and expenses and instructions on how to fill out applications. Failure to adequately follow instructions in the funding announcements may result in CJD deeming a grant ineligible for funding.

Instructions for Section 1: Program-Specific Questions

Applicants should answer questions regarding the current state of the agency and the number if the grant is funded at the full amount.

Instructions for Section 2: Certifications

Applicants should review the stated certifications and further requirements in the Funding Announcement before making the Overall Certification.

Instructions for Section 3: Project Narrative

The eGrants system contains nine narrative boxes, but only one is required for this grant program. Using the headings indicated below in bold type, applicants should use the “Project Abstract” box, to describe:

1. **Duties.** The duties of the four categories of officers proposed to be equipped under the project, including how those duties would expose the officers to gunfire that necessitates Type III and Type IV body armor.
2. **History.** Any recent history of shootings that demonstrates the need for Type III and Type IV body armor.
3. **Non-Tactical/Patrol/Warrant-Serving Duties.** If the project proposes equipment for reserve officers and/or officers not engaged in tactical response duties, regular patrol, response to calls for assistance, or the execution of warrants related to criminal offenses, why such officers have a need for this level of body armor.
4. **Multi-Agency Breakdown.** If the project will equip more than one agency operated by an applicant, how many of each category of officer (tactical response officers; patrol/response/warrant-serving officers; other employed officers; other reserve officers) work in each agency. (For example, if a county’s application contains equipment for officers in a constable’s office and a sheriff’s office, those totals should be broken-out here.)

Applicants should enter 'N/A' in all other project narrative boxes.

Section 1: Program-Specific Questions

Applicants must enter the number of officers currently employed by the agency, the number of officers currently equipped with Type III and Type IV body armor, and the number proposed to be equipped under the grant for the following four categories:

A. Tactical Response - officers within a tactical response (SWAT-style) unit or specifically assigned tactical response duties

Current number of officers equipped with Type III and Type IV body armor:

0

Target number of officers equipped with Type III and Type IV body armor after grant:

Section 2: Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

A. Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

B. Required Agency Policies

Applicant assures that it has adopted policies addressing the deployment and allocation of vests or plates to its officers; and the usage of vests or plates by its officers. CJD requires that the policy on usage of vests or plates include mandatory training on the proper care, fitting, inspection, use, storage, and maintenance of the armor. CJD also requires the policy specify that body armor may not be left in patrol vehicles when an officer is not on duty in order to minimize the heat damage to the armor.

In crafting these policies, applicants should be aware that the inspection, storage, and replacement of body armor were identified as potential points of failure in body armor use by the Police Executive Research Forum. See "[A Practitioner's Guide To the 2011 National Body Armor Survey of Law Enforcement Officers](#)" for more information.

C. NIJ Body Armor Standards

Applicant assures that body armor purchased with grant funds will comply with the National Institute of Justice (NIJ) standard (Ballistic Resistance of Body Armor NIJ Standard-0101.06) for type III (rifles) or type IV (armor piercing rifle) body armor, including bullet-resistant vests, ballistic plates, and plate carriers.

D. Personally Fitted Vest Requirement

Applicant assures that all body armor vests purchased with grant funds will be personally fitted for individual officers, including vests specifically fitted to individual female law enforcement officers. "Personally fitted" does not require armor be individually manufactured based on the measurements of a specific wearer, but rather that it provide the best possible fit and coverage, through a combination of:

1. Correctly-sized panels and carrier, determined through appropriate measurement; and
2. Properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features.

The American Society for Testing and Materials (ASTM) International has made available the Standard Practice for Body Armor Wearer Measurement and Fitting of Armor ([Active Standard ASTM E3003](#)) available at no cost. The Personal Armor Fit Assessment [checklist](#), is excerpted from ASTM E3003.

E. Uniform Crime Reports

Eligible applicants operating a law enforcement agency must be current on reporting Part I violent crime data to the Texas Department of Public Safety (DPS) for inclusion in the annual

Uniform Crime Report (UCR). To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year.

F. Criminal History Reporting

The county (or counties) in which the applicant is located must have a 90% average on both adult and juvenile criminal history dispositions reported to the Texas Department of Public Safety for calendar years 2012 through 2016, as of August 31, 2017.

G. Immigration and Customs Enforcement Requests

The full text of this certification can be found [here](#). To be in compliance with this requirement, any county or municipal government that includes a department that detains individuals after arrest for a criminal violation must provide a letter signed by the head of each such department certifying to the requirements. This letter may be used for any application submitted to OOG for a period of up to two years from the date it is signed. If that period expires during the project period of any grant, the grantee must submit an updated letter for each such grant to remain in compliance with this requirement.

All applicants must select one of the following options:

Applicant is not a county or municipal government

Applicant is a county or municipal government and does not include any department that detains individuals after arrest for a criminal violation at any time

Applicant is a county or municipal government that includes department(s) that detain individuals after arrest for a criminal violation. Letters certifying compliance and signed by the heads of all such departments have been uploaded to this application.

Applicant is a county or municipal government that includes department(s) that detain individuals after arrest for a criminal violation. The Authorized Official has read the certification found on the aforementioned CJD website. Further, the Authorized Official will not be submitting signed letters certifying compliance from the heads of all such departments and understands that failure to comply with this certification may result in OOG, at its sole discretion, rejecting this application and any other application from the relevant county or municipal government.

H. Civil Rights Liaison

A civil rights liaison who will serve as the grantee's civil rights point of contact and who will be responsible for ensuring that the grantee meets all applicable civil rights requirements must be designated. The designee will act as the grantee's liaison in civil rights matters with CJD and with the federal Office of Justice Programs.

X I certify to all of the application content & requirements.

Project Abstract :

1. Duties – The department will equip most officers below the rank of Commander with rifle-resistant body armor. The officers and supervisors who will be so equipped are responsible for responding to calls for service, conducting investigations, executing warrants and making arrests, all of which could potentially expose them to gunfire. This program will not include members of our Tactical Response Unit, who are already equipped with upgraded body armor, or administrative personnel. 2. History – The City of Killeen is experiencing an uptick in violent crime. Currently, part 1 Violent Crimes are up 20.67%, Murder is up 57.14% and Robbery is up 39.34%. Responding to these crimes potentially places officers in danger of being exposed to gunfire. Within the last several months, our officers have responded to gun fights involving gang members armed with semiautomatic rifles, a shooting at an apartment complex in which the suspect fired a full 30-round magazine into an apartment and a pawn shop robbery with 15 stolen firearms—five of which were rifles. Within the last year, 84 long guns have been taken into evidence in relation to a crime. In 2013, a member of our Tactical Response Unit was killed by an assailant armed with a rifle. The officer was struck in an area not protected by his upgraded body armor. This incident is a stark reminder of the dangers faced by our officers. 3. Non-Tactical Duties – This project will not equip officers who are not engaged in tactical response duties. 4. Multi-Agency Breakdown – This is not a multi-agency project.
