	Year 5: <u>1/1/2026 – 12/31/2026</u>			\$ <u>82.00</u>
	Please Initial Selected Commitment →			

This Addendum is made as of _____ ("Effective Date") by and between Routeware, Inc., having offices at 16525 SW 72nd Avenue, Portland, Oregon 97224 ("Routeware") and the above-named **Customer**, and as of the Effective Date amends the Agreement by and between the parties as it relates to support for all products licensed to Customer under the Agreement ("Software").

- Support Commitment.** Customer agrees to purchase support services for the Software for the fees specified above during the Commitment Term. Routeware will invoice Customer for the applicable support fee prior to the commencement of each annual support period. The support fee for each annual support period is due on or before the commencement of the support period. The support fees listed above apply only to Customer's Software as of the Effective Date. Not more than once each year, Routeware will have the right to perform an audit to verify that Customer is using the Products in compliance with the Agreement. That audit will be performed during normal business hours upon not less than 15 days' prior written notice to Customer. That audit will be conducted at Routeware's sole cost and expense and will be subject to reasonable security and access restrictions. If an audit conducted under this Section discloses that Customer has underpaid by more than 5% any amounts payable under the Agreement or this Addendum during the period covered by the audit, Customer will pay Routeware the amount of that underpayment and, in addition, will reimburse Routeware's reasonable and actual costs for that audit. Support is provided for currently-supported releases and operating platforms.
- Future Support Fees.** After the Commitment Term, support for the Software will automatically renew for subsequent annual terms unless either party gives the other party notice of nonrenewal at least sixty (60) days prior to the expiration of the existing support period. Fees for renewal periods will be calculated based on the support fee billed to Customer for the immediately preceding year, increased by not more than five percent (5%) plus the most recent annualized increase, if any, in the Employment Cost Index. Routeware will notify Customer of the applicable annual support fee at least thirty (30) days prior to the expiration of the existing support period. Should Customer terminate support and then later opt to subscribe again, Customer must pay a support fee equal to one hundred fifty percent (150%) of then current rates for the lapse period.
- Conditions.** All support pricing set forth herein is conditioned upon: (i) Customer using currently-supported releases of the Software on a platform/operating system that is then-currently supported by Routeware and the platform/operating systems' vendor(s); (ii) Customer continuing to subscribe to such support on an uninterrupted basis; and (iii) Customer's usage not exceeding the number of licensed units as of the Effective Date. All fees are shown in \$US and are exclusive of taxes.
- Early Termination.** Customer may terminate support for the Software during the Commitment Term with sixty (60) days' written notice to Routeware, provided that Customer shall be obligated to immediately pay to Routeware one hundred percent (100%) of the support fees for the balance of the Commitment Term unless such termination was the result of a material breach of this Addendum by Routeware that was not cured during the cure period described in the Agreement. Routeware shall have the right to retain (without refund to Customer) all support fees previously paid by Customer to Routeware pursuant to this Addendum.
- Other Charges.** Pricing as of 09/01/2021 for the Cellular Data Plan RD is \$15.00 per unit respectively. All pricing for Cellular Data Fees may be increased up to 4% each year starting on January 1st for the entirety of the Support Commitment Term selected above.

This Addendum supersedes all prior understandings and agreements by the parties relating to support of the Software under the Agreement. In the event of a conflict between the terms and conditions of the Agreement and in this Addendum, the terms of this Addendum will control. All other terms and conditions of the Agreement remain in full force and effect. This offer expires if not signed by Customer and returned to Routeware by December 23rd 2021.
