

Exhibit A to Amendment Number 1,
dated February 16, 2022.

Contractor shall perform the following Additional Services:

Task 1 - Boundary Retracement

If the City has provided and directed the Contractor to use a boundary survey prepared by others, then the Contractor will retrace that boundary in the field in an effort to determine whether it is legally correct. If discrepancies or errors are found with the boundary then the Contractor will inform the City but this task does not include effort to correct the work of others.

Austin TBPELS Firm Number: 10194624

Task 2 - Right-of-Way Dedication Exhibit

The Contractor will prepare a metes and bounds description and sketch showing the location and dimensions for two proposed right-of-way dedication exhibits. Right-of-way Dedication exhibit language will either be the unaltered standard language provided by the local jurisdiction, or as agreed to by the Grantor and Grantee and provided complete to the Contractor. The City will file the document.

Austin TBPELS Firm Number: 10194624

The services in this agreement will be billed as follows:
