

# DRAINAGE MASTER PLAN PROJECT

RS-24-055

March 19, 2024

# Background

2

- ❑ FY2022 Capital Improvement Plan included the Drainage Master Plan Project
- ❑ The project will provide an updated Drainage Master Plan including flood reduction alternative analysis and recommended drainage improvement projects based on updated rainfall and land development conditions.
- ❑ The project will also provide updated engineering drainage standards and better position the City for future FEMA grant opportunities.
- ❑ Staff evaluated several consultant proposals and selected Scheibe Consulting, LLC. to perform this work.

# Background

3

- The project cost is \$360,000 and the project scope includes reviewing the existing drainage plan, updating engineering rainfall and runoff models, and using this information as a basis for updating existing drainage standards, developing potential drainage improvement projects and for preparing future FEMA grant project applications.

# Recommendation

4

- Staff recommends that the City Council authorize the execution of a professional services agreement with Scheibe Inc, for the Drainage Master Plan Project in the amount of \$360,000
