

AWARD BID NO. 24-23
TRANSFER STATION CRANE

RS-24-059

March 19, 2024

Background

2

- ❑ The Transfer Station relies on two stationary grapple cranes to compact municipal solid waste (msw) into departing trailers to maximum capacity.
 - ❑ One purchased in 2015 and one purchased in 2019.
- ❑ The Bultrite purchased in 2015 has reached the end of its operational lifespan, frequently experiencing overheating issues necessitating shutdowns.
- ❑ On September 12, 2023, City Council approved the FY24 CIP budget which included purchase of a replacement crane.

Background

3

- On January 25, 2024, Purchasing received three (3) bids in response to Bid No. 24-23, Transfer Station Grapple Crane.
 - ▣ National Equipment Dealers (2)
 - ▣ Waste Systems Equipment, Inc
- Funds are allocated in the FY24 CIP budget for the crane in the amount of \$436,135.

4

Current Bultrite Models 2100s

They play a crucial role in compacting municipal solid waste and ensuring uniform distribution within the trailers. These cranes ensure that each departing trailer is loaded to its maximum capacity.

5

Rotobec Optimax 950SM-R

Rotobec Equipment is acclaimed for its innovative designs, prioritizing reliability and durability, and incorporating cutting-edge technologies throughout its production processes.

Recommendation

6

- ❑ Authorize the award of Bid No. 24-23 Transfer Station Crane to Waste Systems Equipment, Inc. and authorize the City Manager or his designee to execute a letter of agreement with Waste Systems Equipment, Inc. in an amount not to exceed \$310,556.
