

STAFF REPORT

DATE: July 16, 2019

TO: Ronald L. Olson, City Manager

FROM: Leslie Hinkle, Executive Director of Community Development

SUBJECT: FY2019-2020 Community Development Block Grant (CDBG) and Home Investments Partnerships (HOME) Program and proposed substantial amendment to the 2018-2019 Annual Action Plan

BACKGROUND AND FINDINGS:

The City of Killeen will receive \$944,218.00 from the U.S. Department of Housing and Urban Development (HUD) for FY 2019-2020 CDBG program activities. In addition, \$13,350.08 in funds from completed CDBG projects and prior and current year program income is available for use, providing a total of \$957,568.08 available for FY 2019-2020 CDBG activities. The City will also receive \$410,861.00 from HUD for FY 2019-2020 Home Investment Partnerships (HOME) Program activities. \$49,821.73 in anticipated program income to the HOME program is available for use, providing a total of \$460,687.82 for FY 2019-2020 HOME activities.

Two community planning meetings were held February 6 and 21, 2019 resulting in identification and prioritization of housing and community needs. Annual CDBG and HOME program applications for funding were made available to the public on February 25, 2019 through the City's website at the Community Development page. Technical workshops were conducted on February 27, March 1, 7, 13, and March 18, 2019. The workshops provided interested parties with information on eligible activities and completing and submitting an application for either the CDBG or HOME program. Funding applications were submitted by the deadline date of March 29, 2019 and were presented to CDAC on May 1, 2019. The Community Development Advisory Committee (CDAC) meeting minutes with recommendations for funding the applications proposed to address identified community priorities are attached.

CDAC also considered a proposal from staff regarding a substantial program amendment to the FY 2018-2019 Annual Action Plan to amend the use of the CDBG funds for the Bob Gilmore Senior Center by amending the use of funds from rehabilitation of an existing structure to construction of a new facility; and, amending the use of HOME funds from the First Time Homebuyer Assistance Program with Repairs to the First Time Homebuyer Assistance Program (purchase assistance only). As required by the City of Killeen Community Development Department Citizen Participation Plan, the City is required to amend an Annual Action Plan whenever it adds or deletes projects or substantially changes the purpose, scope, location or beneficiaries of an activity. The Bob Gilmore Senior Center was initially approved for rehabilitation of the existing building; however a structural report concluded the building is not structurally feasible for rehabilitation; therefore, the use of the CDBG funds are substantially changed from the originally approved use. The First Time Homebuyer Assistance Program with Repairs was initially approved to include purchase assistance in the form of down payment and closing costs necessary for the purchase and repairs (rehab) necessary for the housing unit to

meet HUD standards associated with a structurally sound, safe and decent housing unit. In accordance with regulatory requirements, the action must be divided into two separate activities going forward; therefore, the use and scope of the HOME funded project is substantially changed from the originally approved use of funds.
