

FEDERAL AVIATION ADMINISTRATION AIRPORT
IMPROVEMENT PROGRAM GRANT
ACCEPTANCE-REHABILITATE TERMINAL CAPITAL
EQUIPMENT SYSTEM

RS-21-082

June 15, 2021

Background

2

- The existing heat, ventilating and air conditioning (HVAC) system at the Killeen-Fort Hood Regional Airport (KFHRA) is almost seventeen (17) years old
- The system is now experiencing increased maintenance issues including some major component failures, leading to increased repair costs and impacting operational efficiencies

Discussion

3

- ❑ The Federal Aviation Administration (FAA) has offered the City an Airport Improvement Program (AIP) grant for the Rehabilitation of the HVAC system in the KFHRA Terminal
- ❑ The project will replace all major components of the HVAC system to include chillers, boilers, water pumps, air handlers, control systems, and other associated components

Discussion

4

- ❑ The grant includes \$3,693,871 for the actual construction, \$400 reimbursement for advertising, and \$204,000 for construction administration/management, and other associated costs
- ❑ Per the American Rescue Plan Act (ARPA), the federal share is 100 percent
- ❑ No matching requirement

Alternatives

5

- ☐ Do not accept the grant
- ☐ Accept the grant

Recommendation

6

- City Council accept the Federal Aviation Administration grant in the amount of \$3,898,271 and authorize the City Manager or designee to execute all grant documents and any and all amendments or actions within the amounts set by federal, state and local law
