Dear City Officials,

Hello, my name is Boksuk Yi and I am writing this letter in request to deannex one of my properties which is located at 998 Hollow Road. There is a total of 82.528 Acres and a total of four tracts. Three tracts are under Bell County and only one tract ID # 957 is under the City of Killeen annex for the past seven years. I have been reaching out to city officials if there will be a possibility for future extension to the City of Killeen sewer or water but I have been informed many times that the City of Killeen will not extend sewer or water to this area where the one tract is. The only way to access this tract is through my other three tracts which is under Bell County and I think it is fair to have it under Bell County as well so it is all the same. This way it will be more suitable for me to use the land in the future. I have been paying City of Killeen taxes on that one tract id #957 but there is no City of Killeen extension of utilities in the foreseeable future. I am asking for this one tract to be deannexed from the City of Killeen so that it will be with Bell County like the other three tracts so that I will be able to have more suitable use for this property as a whole in the future. I appreciate your consideration.

Thank you,

Boksuk Yi Baldwin
