Consider a memorandum/resolution approving a Professional Services Agreement with Garver, LLC, for the design/coordination of the Skylark Field Automated Weather Observation System (AWOS) Relocation, in the amount of \$73,900.

DATE: May 16, 2023

TO: Kent Cagle, City Manager

FROM: Mike Wilson, Executive Director of Aviation

SUBJECT: Professional Services Agreement with Garver, LLC

BACKGROUND AND FINDINGS:

Skylark field has a Federal Aviation Administration (FAA) owned and maintained Automated Weather Observation System (AWOS) on the west side of the airport that provides pilots with critical safety information on cloud height, visibility, wind direction and speed, as well as other weather information to assist with flight operations. The FAA has standards for keeping the areas within 1,000 feet of the AWOS clear of obstructions that would affect the ability of the sensors to collect accurate readings. The proposed Anthem Park development, when constructed, would cause the existing AWOS to not meet FAA standards for that 1,000 feet radius. To accommodate for this future development, it is necessary to relocate the AWOS to a location that will meet FAA standards for weather data collection.

Staff has negotiated a professional services agreement with Garver, LLC, in the amount of \$73,900, for the project administration, design services, FAA Coordination, and bidding services for the AWOS Relocation at Skylark Field.

THE ALTERNATIVES CONSIDERED:

3. Project is funded through the City of Killeen's Tax Increment Reinvestment Zone #2 (TIRZ #2) with no impact to the Aviation Department operating fund or fund balance.
