HOLD a public hearing and consider an ordinance amending Chapter 31 of the Killeen Code of Ordinances providing for outdoor lighting regulations.

DATE: **May 7, 2024**
TO: **Kent Cagle, City Manager**
FROM: **Edwin Revell, Executive Director of Development Services**
SUBJECT: **Ordinance Amending Chapter 31, Outdoor Lighting Regulations**

BACKGROUND AND FINDINGS:

On January 23, 2024, the City Council made a Motion of Direction to have staff prepare an ordinance to expand the current lighting regulations associated with the "UD" (University District) and "CD" (Cemetery District) to all zoning districts.

As written, the proposed ordinance prohibits light trespass onto adjacent properties and rights-of-way and prohibits uplighting (with exemptions for flagpoles and public art). The proposed ordinance states that "all outdoor lighting fixtures shall be shielded to direct lighting downward and oriented in a manner that ensures that all illumination is contained within the source property."

The proposed ordinance would also require any person wishing to install exterior lighting, which requires a permit under existing ordinances, to request a site plan review and obtain approval for such lighting from the City Building Official.

Per Texas Local Government Code Sec. 3000.002(c)(3)(C), municipalities are prohibited from regulating

outdoor lighting, except within five miles of an active military base. Therefore, the proposed ordinance would only apply to properties within five miles of the boundary of Fort Cavazos.

The proposed ordinance also includes exemptions for temporary lighting for holiday decorations, civic events, and construction projects. Provided that such lighting does not cause light trespass or a driving hazard.

If approved, the proposed ordinance will help to prevent outdoor lighting nuisances like glare and light trespass. It will also help to preserve the integrity of the night sky.
