The characteristics of this designation include:

- Larger baseline minimum lot sizes to allow for larger front yards, building setbacks, and side yard separation
- Less noticeable accommodation of vehicles

- Encourages smaller lot sizes in exchange for greater open space set asides
- Encourages conservation design or cluster development

Consistency: The change of zoning request is consistent with the Adopted Future Land Use Map (FLUM) a component of the Comprehensive Plan.

The staff notified four surrounding property owners regarding this request. Staff has received no responses.
