### **BACKGROUND AND FINDINGS:**

The 2019 Water and Wastewater Master Plan includes project 16W - construction of a ground storage tank and an update to the Airport Pump Station located at 5119 West Stan Schlueter Loop. This 2030 project was moved up to meet a Texas Commission on Environmental Quality requirement for in-line booster pumps taking suction from water storage tanks instead of distribution mains. The Airport Pump Station serves the southwestern part of the city.

On May 2, 2024, three (3) bids were received in response to Bid No. 24-35, Airport Pump Station Update Project. The following bids were opened and read aloud:

SSP Industries, LP	\$1,215,097.00
Barsh Company, Inc.	\$1,272,298.00
