SUBJECT: Zoning Case # 24-10: "R-1" (Single-Family Residential District) to "R-3A" (Multifamily Apartment Residential District)

BACKGROUND AND FINDINGS:

Property Information:

Property Owner: City of Killeen

Agent: N/A

Current Zoning: "R-1" (Single-Family Residential District)

Proposed Zoning: "R-3A" (Multifamily Apartment Residential District)

FLUM Designation: 'Campus' (C)

Growth Sector Designation: 'Neighborhood Infill'

Summary of Request:

This is a city-initiated request to rezone from "R-1" (Single-Family Residential District) to "R-3A" (Multifamily

Apartment Residential District). The subject property, which is owned by the City of Killeen, is intended to be developed as a reunification center, which will provide temporary housing for persons transitioning out of homelessness, as well as supportive assistance to successfully transition from homelessness to permanent housing. The proposed use of the property requires that it be rezoned to "R-3A" (Multifamily Apartment Residential District) for use as "transitional housing".

Zoning/Plat Case History:

The subject property was annexed into the City limits on May 25, 1959. On January 19, 1977, the property was platted as Julius Alexander Industrial Subdivision, Block 2, Lot 2. The property was then rezoned from "M-1" (Manufacturing District) to "R-1" (Single-Family Residential District) on June 22, 1993, via Ordinance No. 93-42.

Character of the Area:

North: Vacant property zoned "R-1" (Single-Family Residential District)
South: Existing multifamily apartments zoned "M-1" (Manufacturing District) (Legal nonconforming)
East: Vacant property zoned "R-3A" (Multifamily Apartment Residential District)
West: Existing commercial and manufacturing businesses zoned "B-5" (Business District) and "M-1" (Manufacturing District)

Future Land Use Map Analysis:

This property is located within the 'Neighborhood Infill' area on the Growth Sector Map and is designated as 'Campus' (C) on the Future Land Use Map (FLUM) of the City of Killeen Comprehensive Plan.

The 'Campus' (C) place type includes institutional, religious, and educational uses and is characterized by the amenities and offerings associated with these types of development, which can serve as regional destinations. While these areas are typically utilized for religious, office, or educational uses, residential uses may be intermingled to serve the needs of those utilizing those aforementioned uses. This place type encourages regional commercial development and residential uses such as apartments. Additionally, it encourages a one hundred percent (100%) nonresidential and twenty-five percent (25%) residential use mix.

This 'Neighborhood Infill' growth sector includes already developed areas with access to city services and infrastructure but have vacant, underutilized, or poorly developed properties.

The request supports or furthers the following Comprehensive Plan recommendations:

- **NH7** - Focus on delivering housing for those in need.
- **DT2** - improve safety in Downtown.

This request aligns with the Comprehensive Plan recommendation (NH7.3) to identify sites that could be potential locations for micro-housing for persons experiencing homelessness. Additionally, the plan recommends (DT2.2) providing a location and programs for the homeless to have access to social service personnel with experience addressing homeless issues.

Development Zone Analysis:

This property is located within the City of Killeen Development Zone #2. This development zone is north of Veterans Memorial Boulevard and east of WS Young Drive.
