- (27) Storage warehouse with leasable space of less than twenty-five thousand (25,000) square feet

### **Property Specifics**

**Applicant/Property Owner:** Paula L. Lohse and John P. Goode

**Property Location:** The properties are addressed as 1621 and 1623 Richard Drive and 1605 S. W.S. Young Drive, Killeen, Texas.

**Legal Description:** Lots 6 and 7, Block 36 and Lot 7, Block 35, Crescent Manor Second Extension

### **Zoning/ Plat Case History:**

- Lots 6 and 7, Block 36, were rezoned from "R-1" to "B-1" on March 10, 1969, per Ordinance No. 69-12. The zoning of Lot 7, Block 35, occurred prior to 1969.
- The property is platted as Crescent Manor Second Extension which was filed for record on May 27, 1964, in Plat Book 898, Page 166, Deed Records of Bell County, Texas.

### **Character of the Area**

**Existing Land Use(s) on the Property:** The properties are currently undeveloped. The W. S. Young Drive corridor (between Terrace Drive and E. Central Texas Expressway) is a mix of long-standing residential communities and some commercial and institutional uses. The area to the west of these properties is a residential community. There are commercial properties located south of these properties along the S. W.S. Young Drive frontage. The Cloud Real Estate building abuts 1623 Richard Drive and the Hill Country Church is

located across the street from 1605 S. W. S. Young Drive at 1604 S. W. S. Young Drive.

**Historic Properties:** There are no historic structures on this property.

### **Figure 1. Zoning Map**

See attachment.

### **Infrastructure and Community Facilities**

#### **Water, Sewer and Drainage Services:**

Provider: City of Killeen

Within Service Area: Yes

Feasibility Study or Service Commitment: Water, sanitary sewer, and drainage utility services are readily accessible to the subject property located within the City of Killeen municipal utility service area. Adequate potable water capacity is available to the tract. The property owner and his agents are cautioned that unknown or unforeseen site conditions may require remedial action to provide safe and adequate water, sewer, or drainage service to the property. Further, City of Killeen development regulations require that capacity analyses related to development of the property are the sole responsibility of the owner. The owner or his agents, acting as the permit applicant for re-development of the subject property, shall coordinate tie-in to all publicly dedicated infrastructure with the Public Works Department.

#### **Transportation:**

Existing conditions: S. W.S. Young Drive and Richard Drive are classified (respectively) as a 110' principal arterial and a 60' local residential street on the City's approved Thoroughfare Plan. No proposed right-of-way taking affects the property.

Proposed Improvements: None proposed

Projected Traffic Generation: If approved, a marginal increase of traffic will be expected as a result of this zoning request.

### **Environmental Assessment**

**Topography/Regulated Floodplain/Floodway/Creek:** The tract does not lie within a FEMA regulatory Special Flood Hazard Area (SFHA). Currently sheet flow runoff exits 1605 S. W.S. Young Drive along the south property line into Richard Drive and flows east for approximately 50 feet into S. W.S. Young Drive. Currently sheet flow runoff exits 1621 Richard Drive and 1623 Richard Drive along the south property line and then flows east for approximately 1600 feet into S. WS Young Drive. From there, the combined runoff flows southeast within public R-O-W and drainage easements for approximately 0.76 mile into Trimmier Road Ditch. The distance from this site and the confluence with Little Nolan Creek is approximately 0.9 mile. Little Nolan Creek flows into Nolan Creek prior to leaving the City. Both Little Nolan Creek and Nolan Creek are currently listed on the TCEQ's 303(d) water quality list for impairment due to bacteria and concerns for near non-attainment for nutrients. The applicant is advised that the area being zoned was platted in 1964. As a result, the 1993 drainage design criteria and the current DDM standards do not apply for new development unless the parcel is re-platted.

### **Land Use Analysis**

**Land Use Plan:** This area is designated as 'General Residential' on the Future Land Use Map (FLUM) of the Comprehensive Plan.

**Plan Recommendation:** The 'General Residential' designation encompasses detached, residential dwelling units, attached housing types, planned developments, as well as parks and public/ institutional places.

**Consistency:** The 'General Residential' designation encompasses detached, residential dwelling units, attached housing types, planned developments, as well as parks and public/ institutional places. The Comprehensive Plan considers 'General Residential' to be of a medium intensity category/character, and states that "neighborhood-scale commercial uses are expected to emerge over time and should be encouraged on sites and in locations within (or near the edge of) 'General Residential' areas that are best suited to accommodate such uses while ensuring compatibility with nearby residential uses." The applicant has submitted a concurrent FLUM amendment request from 'General Residential' to 'General Commercial'.

### **Public Notification**

The staff notified twenty-seven (27) surrounding property owners within a 200' notification boundary regarding this request. Staff has received protests from Mary Gonzales of 1504 Randall Road and Patricia Warren of 1617 Richard Drive.

### **Recommendation**

The Planning and Zoning Commission recommended approval of the applicants' request for "B-3" zoning for Lots 6 and 7, Block 36 and Lot 7, Block 35, Crescent Manor Second Extension by a vote of 6 to 0 (with Commissioner Purser abstaining).
