(14) Tattooing (as licensed per Texas Health and Safety Code, chapter 146, as amended).

### **Conditional Use Permit**

**Purpose.** The purpose of the Conditional Use Permit process is to identify those land uses that may be appropriate within a zoning district but, due to their location, function or operation, could have a harmful impact on adjacent properties or the surrounding area, and to provide a procedure whereby such uses may be permitted by further restricting or conditioning the same so as to mitigate or eliminate such potential adverse impacts. The Conditional Use Permit runs with the land, regardless of ownership, until termination of the permit.

**Criteria for approval.** The Planning and Zoning Commission may recommend approval of a Conditional Use Permit by majority vote, but shall recommend disapproval of an application if it finds one or more of the following, or other valid justifications, to be true:

- (A) The proposed use will be incompatible with existing or permitted uses on surrounding sites because of use, building height, bulk and scale, setbacks and open spaces, coverage, landscaping and screening, drainage, or access and circulation features;
- (B) The proposed use is not suitable to the premises or structure(s) in which it will be conducted;
- (C) The proposed use will be detrimental to the public health, safety or welfare, or will negatively affect the property or improvements in the vicinity;
- (D) The proposed use fails to reasonably protect persons and property from erosion, flood or water damage, fire, noise, glare, odors, or similar hazards or impacts;
- (E) The proposed use will materially and adversely affect traffic control or adjacent properties by inappropriate location, lighting or types of signs;
- (F) The proposed use fails to provide adequate and convenient off-street parking and loading facilities; or
- (G) The proposed use will incorporate the sale or distribution of alcoholic beverages for on-premises consumption except where the applicant seeks a temporary permit, not to exceed two (2) months in duration, to allow for the on-premises sale, distribution or consumption of alcoholic beverages for temporary events in compliance with a Texas Alcoholic Beverage Commission issued permit and the Texas Alcoholic Beverage Code, as amended.

Regardless of whether such conditions have been recommended by the Planning and Zoning Commission, the City Council may establish such conditions of approval as are reasonably necessary to insure compatibility with surrounding uses and to preserve the public health, safety and welfare. Such conditions may include, without limitation, a limited term or duration of the permit; requirements for special yards, lot sizes, open spaces, buffers, fences, walls or screening; requirements for the installation and maintenance of landscaping or erosion control measures; requirements for street improvements, regulation of vehicular ingress or egress and traffic circulation, regulation of signs; regulation of hours or other characteristics of operation; establishment of development schedules for performance or completion; and such other reasonable conditions as the City Council may deem necessary to preserve the health, safety, and welfare of the applicant and the public.
