Consider a memorandum/resolution accepting a Texas Department of Transportation Routine Airport Maintenance Program (RAMP) Grant for Skylark Field.

AGENDA ITEM

Acceptance of TxDOT Routine Airport Maintenance Program (RAMP) for Skylark Field

ORIGINATING DEPARTMENT

Aviation

BACKGROUND INFORMATION

Texas Department of Transportation (TxDOT) Aviation Division works directly with airports in the state to assist in maintaining FAA safety standards and ensure vital aviation links to all parts of Texas are maintained for commerce and emergency air transport. One form of assistance available to airports through TxDOT is the Routine Airport Maintenance Program (RAMP) which can provide up to \$50,000 each year for eligible airport maintenance and minor capital funding on a 50/50 match basis.

DISCUSSION/CONCLUSION

TxDOT has offered to the City of Killeen a RAMP grant of \$15,000 for use at Skylark Field. This grant will be used to match an equal amount of airport enterprise funds to finance up to \$30,000 of airport maintenance expenses or minor capital improvements at Skylark Field. The City's FY 2017 line item budget assumes receipt of a portion of this grant and authorizes expenditures in repair, maintenance, and professional service accounts. Some of the specific work anticipated for 50% funding with this grant offer includes perimeter fence and gate repairs, T-hangar and General Aviation terminal building maintenance, fuel farm repairs, surveillance camera system maintenance, erosion control, and storm water consultant professional services. It also can fund the purchase of airfield lighting parts (bulbs, globes, transformers, etc),

herbicide, pesticide, pavement marking paint, reflective beads, and security camera licenses. In the event that eligible airport expenses exceed \$30,000, this grant may be amended up to the \$50,000 annual limit.

FISCAL IMPACT

Revenue from this grant will be deposited in account number 527-0000-386.05-01 TxDOT Projects. Conditions of the grant require that the City first pay 100% of the eligible project work and submit copies of receipts for the 50% reimbursement. The reimbursement typically occurs on a quarterly basis.

RECOMMENDATION

Recommend the City Council accept the TxDOT Routine Airport Maintenance Program grant, TxDOT Project No. M1709KILE, in the amount of \$15,000; adopt all assurances, statements, representations, covenants, and agreements incorporated into this grant agreement; and authorize the City Manager to execute the agreement as accepted by the City. The City Manager is expressly authorized to execute any and all amendments to the grant within the amounts set by state and local law.
