Historic Properties: None

Community Infrastructure and Environmental Assessment:

Water, Sewer and Drainage Services:

Provider: City of Killeen

Within Service Area: Yes

Feasibility Study or Service Commitment: Water, sanitary sewer and drainage utility services are located within the City of Killeen municipal utility service area and available to the subject tract.

Transportation:

Existing conditions: The property is located north of Tower Hill Lane, which is a private, unimproved street.

Proposed Improvements: None at this time.

Projected Traffic Generation: A typical single-family home will generate ten (10) vehicle trips per day [note- this data is sourced from the Institute of Transportation Engineer (ITE) Trip Generation Rates-9th Edition, provided through Spack Consulting].

Environmental Assessment:

There is a TP&L easement that bisects the eastern portion of this parcel and there are several utility and access easements shown on this parcel. Additionally, there is a large drainage easement on this parcel that is not currently illustrated on the exhibit. The only points of access onto this parcel are the private access drive from Biels Loop that crosses the TP&L easement. The second point of access is through a private road (Tower Hill Lane) which connects to S. Fort Hood Street.

This property does not lie within a FEMA regulatory Special Flood Hazard Area (SFHA). Currently sheet flow runoff exits this parcel and flows down the hill in all directions. From there the majority of the combined runoff flows west into an unnamed tributary to North Reece Creek. The runoff from the eastern portion of the hill flows southeast into Rock Creek. Both North Reece Creek and Rock Creek flow south into the Lampasas River prior to leaving the City. These water courses areas not currently listed on the TCEQ's 303(d) water quality list for impairment. The applicant is advised that the area being zoned is not currently platted. At the time of development the current drainage and infrastructure standards will be applicable to this site.

The property owner and his agents are cautioned that unknown or unforeseen site conditions may require remedial action to provide safe and adequate water, sewer, or drainage service to the property. Further, City of Killeen development regulations require that capacity analyses related to development of the property are the sole responsibility of the owner. The owner or his agents, acting as the permit applicant for the subject property, shall coordinate tie in to all publicly dedicated infrastructure with the Public Works Department.

Land Use Analysis:

Future Land Use Map: This area is designated as 'SC' (Suburban Commercial), 'E' (Estate), 'SR' (Suburban Residential), and 'P-R' (Parks and Recreation) on the Future Land Use Map (FLUM) of the Comprehensive Plan.

Plan Recommendation:

- Suburban Commercial: Range of commercial retail and service uses, at varying scales and intensities depending on the site.
- Estate: Detached residential dwellings, public/institutional uses, and parks and public spaces.
- Suburban Residential: Detached residential dwellings, planned developments to provide for other housing types (e.g., townhouse, patio) in a Suburban character setting, public/institutional uses, and parks and public spaces.
- Parks and Recreation: Public parks and open space, public trails, public recreation areas

Consistency: The requested zoning change is not consistent with the FLUM. However, a FLUM amendment application has been submitted concurrently with this request.

Public Notification: Staff notified twenty-three (23) surrounding property owners regarding this request. As of the date of this report, staff has received three (3) letters in support and no letters in opposition to the request.

THE ALTERNATIVES CONSIDERED:

Which alternative is recommended? Staff's recommendation to the Planning and Zoning Commission was that the portion of the subject property that is encumbered by the hill remain zoned "A" (Agricultural District).

Why? Development of the existing hill would be extremely costly, and it is therefore unlikely that it will be developed as single-family (R-1) residential use. Staff recommended that top of the hill remain zoned "A" (Agricultural District) in order to preserve the land which will not be developed.

CONFORMITY TO CITY POLICY:

This zoning request conforms to the City's policy and procedures as detailed in Chapter 31 of the Killeen Code of Ordinances.

FINANCIAL IMPACT:

What is the amount of the expenditure in the current fiscal year? For future years?

This zoning request does not involve the expenditure of city funds.

Is this a one-time or recurring expenditure?

This is not applicable.

Is this expenditure budgeted?

This is not applicable.

If not, where will the money come from?

This is not applicable.

Is there a sufficient amount in the budgeted line-item for this expenditure?

This is not applicable.

RECOMMENDATION:

The Planning and Zoning Commission recommended the following:

- That approximately 62 acres out of the subject property be changed from "A" (Agricultural District) to "R-1" (Residential-Single Family District).
- That approximately 16 acres, consisting of the top of the hill (see attached exhibit), remain as "A" (Agricultural District).
- That approximately 9 acres, consisting of the portion of the subject property that is between 950 feet and 1,500 feet from State Highway 195, be changed from "UD" (University District) to "UD" with a "CUP" (Conditional Use Permit) for single-family residential use.
- That all residential housing within the "CUP" (Conditional Use Permit) area shall meet the height and area requirements as detailed within Sections 31-187 through 188 of the Code of Ordinances, and that the applicant shall satisfy all architectural and landscaping requirements within the "UD" (University District).
